

Track Scraping This Saturday 4-19!!!

Posted by Jeff Parker - 17 Apr 2014 12:01

I stopped at the track last week to help Bill Bedell, Vic Valenson, Bob & his grandson Davian, along with Pete with the tree work that needed to be done. The turnaround was in good shape, and they got most of the tree work done.

One thing I did notice, is the old rubber needs to come up or it will do it by itself when we start to run. With the late winter, there really hasn't been time to get it off the track. And with Easter on Sunday, everyone has family obligations. So....anyone who would like to help, we will be there at 8am on Saturday. This is always the easiest time for scraping. It's half lifted from the winter's freeze cycles. A little heat, and away she goes!
