Yes Ford powered 347. Truck is new from front to back except for shell. All details inquire with Donnie Bisson 315-447 -2840. Looking for 15,000 or trade for 30ft or so Clean Rv. 10.9 best ET or 11.04 all day in summer. Holly 750, Victor intake, ATI converter, 8.8 rear, slicks have 18 passes on them, fronts brand new, trans brake etc. Truck was taken right from the dealer and turned into a drag truck. Not a spot of rust.

I have another car and a new arrival to the family is reason for selling.

Halzman 315-415-6801

Thank you
