

New ET Drag slicks

Posted by mightymouse - 21 Mar 2012 21:48

Have a pair of brand new Mickey Thompson ET Drag slicks that my buddy thought would fit under his 1983 Mustang . Never even mounted. Stored inside. 26 tall 10 wide x 15's. Tubes will be included . Bought from Summit Racing so u know what they cost. He says \$375 is his asking price. Thats close to the price of the 2 tires without including tax or shipping. Plus ur getting the new tubes too ! If u want a pic of new tires i can send via cell phone. Location is Auburn . 13021.

taking offers ! 4/24/12
