

G body trans Xmembers

I have 2 different aftermarket gbody trans. Xmembers. 1 is G-force, the other is 1 is jugs. Both are dbl humped to clear dual exhaust and both are for either 350turbo/glide applications. I'm asking 100 for the jegster and 150 for the g-force. Jegster was in my wagon, g-force is brand new & has never been installed in anything & comes with hardware. Call or txt me at 5853034033 anytime, thanks.
