

BBC 468 good parts comes with everything! Look

Posted by billyryan - 06 Aug 2013 06:16

Description:

468 BBC. GM block Forged crank. Scat Rods, Bro forged pistons. about 12.5-13:1 compression. Brodix aluminum big brodie heads, ARP head studs, multi-layer steel head gaskets. brodix sonnys intake. tappet cam. crower rockers. motor runs low 6.0's in a 2700 chassis S-10. this motor comes with everything you see. Ken Jones carb, throttle stop, water pump, distributor, alternator, stainless headers regulator, fuel log. 5500 dollars and I am firm on that. break it down like this

headers - 400

Ken Jones tuned carb-600

water pump-250

throttle stop-200

distributor- 100

fuel log and regulator -150

alternator- 200

that all equals 1900 dollars of extras that normally don't come with a motor!!

its like buying a big block for 3,400 dollars. my price is about the best you will find anywhere. I might add I went 5 rounds last sunday. I was dialed a 6.03 every pass the last round I moved to a 6.04 and got sent packing. the motor is deadly consistant! excellent bracket motor

located in upstate, NY
