

NOS nitrous plate system with fuel system

Posted by 64fatblock - 16 Sep 2013 17:51

NOS cheater kit, comes with 4150 plate and everything needed to run. Purge, pressure gauge. 2 10lb bottles (one has 3 passes on it the other has 1 from full). Leash transbrake/nitrous controller, 1 gallon fuel cell (underhood mount), Holley blue pump, regulator, braided lines/filter, fuel pressure gauge. Setup works great and ready to use. \$650 reasonable offer
