

## Esta history/archives

Posted by georgepan - 14 Nov 2012 17:56

---

Hello,

I am trying to find some information on a car and driver tht raced at esta from the late 60's all thru the early eighties. He raced a 1964 plymouth belvedere max wedge either silver or black. His name was Basil Kester. If anyone has any info or pics of the car or knows of the racer please call George at 4438663608. Thanks!

C/SA WON BY B. B. KESTER AUG.15, 1965 WON HIS CLASS AT ESTA WITH A 14.57 @ 91.64MPH

C/SA WON AGAIN ON AUG 22 1965 14.66 @ 90.90 MPH

ALSO

think he also raced a 383 mopar, maybe a fury around 1967..B and B Kester

HOPE THIS MIGHT HELP

PRETTY SURE HE RACED AGAINST MY DAD IN 1966-68

=====

Hi,

Yeah it does. I have been trying to find some of info on this guy. The times you gave me are a little to

slow for the car I am trying to research. He did race a Belvedere which looks like a fury. Do you know where I could find archives or pics? Also, would you be able to ask your father if he nhas any other info on this guy and a 1964 belvedere that he raced?

Txs

My Dad passed on 22 yrs ago...RIP These were the winning times for the final rounds of the class and were very good times for 1965. like everything every year everyone got quicker.

Hi,

Sorry to hear about your father. Thanks again for the info! I did see that there are attachments for pics but I couldn't open or don't know how to. Thanks again

George

Dick had problems attaching the file, so I'm going to give it a try to see if it works on my end.
