

Track Work Day

Posted by Jeff Parker - 01 May 2013 11:50

I'm scheduling a work day for this Saturday morning. We'll start around 8am. I have a few jobs I need some help on, if anyone is interested in helping out.

If you can let me know in advance, it would help me out tremendously. That way I can have tools/materials coordinated.

Hope to be done by noon, so its not huge projects!
