

Sept. 28 & 29 weekend

Posted by estapete - 22 Sep 2013 11:07

Our schedule for next weekend (9/28 & 9/29) will be the following: Saturday the gates will open at 9am for a Time Trial day. Time trials will start around 10am. We will also run a Gamblers race in the afternoon around 2pm. This will be a Box / No Box Format with the winner of each group racing each other in the final. If the box car winner is faster than the no box winner we should be able to utilize the "Cross Talk" feature if so desired. \$30 entry fee and 100% payback.

Sunday will be a Summit E.T. points race and we will finish the NYS Championship / ND Challenge event to determine the "Wally" winners. We will run our normal 2 time trial sessions (weather permitting) Then we will call up the drivers who are still in the Sept. 15th race and run this to conclusion, it should not take too long because we are down to semi's and final's. (Mike LaRose and AJ Meier will rerun their 1/4 final race following their last time trial for their spot in the Pro semi).

Let's hope that next week the dry weather predicted will extend into the weekend and we can get this off. Hope to see you there.

Pete
