Special thanks go out to:

Theo & Ted Lewis (Liz too!)for doing all the food! Awesome job!

Chris Raineri for Team Captain and handling all the issues that pop up!

Jessica Desiato for doing the decorating!

This stuff doesn't happen by itself, so pat them on the back when you see them, to show that you appreciate it!!

Buley - Here's what I recall:

Super - Vince went 5 rounds and lost to the guy I should've beat first round from NE dragway. Dad and Matt Spizak went 3 rounds. Iggy, Jack Vault, and Jeremy Popple went 2. Steve Doss, Terry and Heather, Scott Popple, Carl &quot;Jethro&quot; Woolworth, and I all lost first round. Tom Samsel's car broke in TTs, so he wasn't able to go in Super.

Pro - Jessica Desiato went 4 rounds. Mike LaRose Sr went 3 rounds, LaRose Jr and Bob Mayers, Bobby Coutu, Miles, and Brian Backus went 2 I think. April, Vito, Tom Samsel, Kim and Zangari lost 1st round. I know AJ went past the first, but I don't remember how far he got.

I honestly don't know what we did in street or bike/sled. I think Heath and Kevin W. were in the 3rd round, but I don't know how far they went.

Not racing for us, but Howie Smith went to the 6th round.

I was chasing problems all week with my car and lost first round in the ROC and first round of Super. Dad broke his rear end Wednesday, but was able to get it fixed in time for Friday's racing. I broke a rocker arm and eventually also found a plug wire problem and got it fixed just before first round. Unfortunately, all that did was help me break out 😊

Don't know where it's going to be next year, but I know not many people were happy with the parking arrangements and the pit roads at Numidia. Fortunately it didn't rain on us or we would have had quite a time getting out.

Overall, we still had a good time. Thanks to everyone who helped out.
