I have had some major computer problems. I have transferred almost all of the points program to my new computer....not quite finished yet. As I could not download or print anything off my old laptop. I have had to do everything over again.

Please continue to use estadrag@aol.com

I will get them up as soon as I am finished.

We have a few more rounds to run to finish all of the classes.

Thanks

Robin

What's up with updating the points or did the government shutdown affect this too??

I assume the points will be updated today or tomorrow. I sent them to Mike late last night.
