

2014 Track rules

Posted by td1332 - 12 Feb 2014 09:21

In light of alot cars going faster the last few years I know alot of D1 tracks have been lower the allowed dails in Super Pro and Pro. Any chance of ESTA doing the same, I know in Super alone a 6.50 min would help some cars we have 3-4 alone capable of running sub 7.0s and I am sure there is some in Pro also.
