

1982 Monte Carlo Turn Key or Roller

Posted by Kozz - 01 Jul 2013 06:46

I have a 1982 Monte Carlo for sale. I raced the car on and off for a couple of years. I am selling the body as a roller.

As it sits, the car has a 4.10 gears with a locker. It also has a fuel cell and Fuel pump with batteries in the trunk.

Car has a 355 in it. Has about 50 passes on the car. It goes 11.60-70.

The car has adjustable control arms on the rear, drag shocks on all 4 corners. The lights work and could be streetable.

The body is from South Carolina. It is clean underneath. It has dings and scratches. It would really need a paint job. It is a great starting point as a body goes.

I am asking 6500 or best offer for the car turn key. I would like about 2000 for the roller. I can be reached at 315-593-6310 M-F 9AM - 5PM. I can also be reached at 315-529-1782.

Thanks, Ryan Koskowski
