

4-link dragster

Posted by tummy - 24 Nov 2013 09:17

99 Innovative,4-linked by Ed Quay in 2000. The car was COMPLETELY redone in 2010. The car was taken down to bare frame and every thing was replaced. New Magna fuel 500 fuel system. New MSD, Gauges, wiring, air shifter,2 Optima batteries, Alternator, New M/T wheels front, and back. " cage. The car was A former NED Super comp champion. The car comes with headers, and motor plates for SBC, and BBC. The trans is fresh less than 20 passes. The car was stripped to bare metal, in black primer 100% ready for paint. The car is complete minus engine, and converter only. I will sell the car totally turnkey with NEW 468 0 runs on it for \$13000. I will also trade for GM race cars. This price is firm. 315 886-9887
