

Draglites, headers, malibu front clip and more

Posted by red barn - 12 Feb 2012 19:20

I have some parts for sale.

Weld draglight fronts (5") with 165R radials. Dual 5 lug bolt pattern, screw in valve stems \$50

DieHard marine deep cell battery \$10

Milodon chrome chevy starter \$10

Comp cams brake vacuum canister free

78-81 malibu front clip. Both fenders and header panel w/ grille rust free \$60

78-81 malibu doors. Rust free, Crashbars removed and in primer. No windows or door panels \$40

Southside machine upper control arms for putting an A body rear into a G body \$50

Big block headers for a G body. Not sure on the brand (these are not the hooker supercomps and they do not have slip tubes). 2" primaries w/ evac tubes. Includes evac hoses. May fit an A body as well \$35

Moroso front trick springs for a g body (part #: 47135) New in box \$15

Intrax rear springs for A or G body. progressive rate, lowers rear approx 2" \$15

Doors and front clip sold.

That clears everything.

I still have the battery. If someone is interested, make me an offer
