

PUMP GAS 440

Posted by ten5abody - 19 Mar 2012 10:40

Selling the 440 from my Valiant.....

1978 440 std bore block

polished cast crank, NO PROVISION FOR A PILOT BUSHING!!!

re-sized stock rods with MP bolts

factory pistons

906 heads by Browns Performance

M1 single plane intake

Cloyes double roller chain

MP 296/.557" solid flat tappet cam/lifters

MP push rods

MP springs

Erson rockers

Melling oil pump

Moroso 7 qt pan, also have stock pan with baffle if interested

Moroso valve covers

B&M flex plate

electronic distributor with light springs

MSD 8mm wires (some of the boots were changed for header clearance)

I have both early and late style water pump housings. I will include which ever one you need.

It does NOT come with a water pump or carb!

This engine ran consistent 11.50-55 on 93 octane at 3,330lbs through mufflers.

\$1,750, or \$1,600 without the intake.
