

Brand New Small Block Chevy 383

Posted by pontiac794 - 09 Jun 2012 21:14

BRAND NEW Small block Chevy 383, one piece rear main seal. 4 bolt main block. Scat cast crank. Scat H beam rods 5.7. SRP two valve relief pistons. .030 over. Speed pro rings. Melling standard volume oil pump and driveshaft. Stock oil pan and timing chain cover. Pioneer balancer and flex plate. Clevite bearings. Internal balance. GMPP HT 383 HR camshaft. GMPP 1.5 roller rockers self aligning. .010 shorter timing set. World products. SR heads. 76cc. Compression ratio set at 9.5 to 1. 2.02-1.60 valve stainless. Felpro 1003 head gaskets. Edelbrock performer intake. Holley 750 carb. No distributor. Engine's never been fired. Should make 360 hp, 425 lbs of torque. Everything but the intake, valve covers and carb is new. Would make great street cruiser or street rod engine. This engine has better parts than a GM crate engine. Any questions, call 439-3838 or email. \$4,500 or BO.
