

BOP GEARS

Posted by 1969GTO - 15 Mar 2013 19:59

I am looking for either a new set or a in great condition set of 3.36 rear gears for a BOP rear end,10 bolt.

Must be for the years 65-69 maybe1970 with 3/8" ring gear mounting bolts.

I have a perfect set of used 3.55 gears for trade or buy the 3.36 set.
