

BB MOPAR 727

Posted by ten5abody - 20 Jun 2013 21:40

Selling the 727 out of my Valiant. It's a street/strip trans built by Bob Fox and was used for two seasons. It has a Turbo Action reverse manual valve body, extra clutches and a deep pan. It has a 2.45 first gear. NO brake. It works perfectly but I changed my plans and don't need it now. \$500 or \$700 with a Cheetah shifter.
