Very good hoosiers 33.5.x15x16's On NICE, Weld/ Cragar Alumastars 15x16 rims with 4 inch back spacing with 4 3/4 BC, tire bulge is 2 inches per side. I just dont have a need for these rims. I am converting to a 5 on 5.5 bc with a floater housing. Hardware out to polish the rims and make them purdy again. Sitting in a trailer isn't all its cut up to be! Asking 600 complete, but listening to offers Victor 433-0063 Re: WELD ALUMASTARS Posted by T-Wrecks - 12 Dec 2011 21:25 I would really like to get rid of these rims/tires.... They are just sucking up space in my garage Throw me an offer....
