

JAZ 1.5 GALLON CELL

Posted by ten5abody - 21 Aug 2011 13:41

This is a USED Jaz Pro cell, 1.5 gallons. It has a -10 outlet, -8 return and roll over valve. It also has foam. Measurements are 7" L x 9" W x 8.5" H. I don't have the mounting bracket, but it should be easy to make. New this is \$280. I'll take \$125.
